We make our buttery sweet, toasty butter crunch in small batches and deliver fresh from Santa Monica, California.

all-natural

p.o.p. butter crunch contains no additives or preservatives of any kind. Our ingredients are simple and clean: butter, cane sugar, your nut of choice, and organic brown rice syrup (no corn syrup or peanuts of any kind). Additional ingredients like organic rosemary, thyme, and sundried cherries are fresh from our local farmers' markets. The premium nuts we use – including California almonds, pistachios, and walnuts – release their natural oils during the cooking process, giving each butter crunch its own rich color and distinct flavor.

local

Our name is a nod to POP, an amusement park that once stood on Santa Monica's Pacific Ocean Park Pier. We believe in simple pleasures like POP and the power of giving, and regularly support efforts that celebrate, build, and enhance community.
