

## The Suwanee Business Alliance

Your best connection to the Suwanee Business Community

The **Suwanee Business Alliance (SBA)** facilitates interaction and cooperation between local businesses, promotes member businesses to others, and supports local community activities and charitable organizations. Through these actions, the **SBA** helps build a strong sense of community between member businesses throughout the Suwanee region.

Programs offered by the **SBA** include :

- ♥ **Monthly networking meetings** hosted by different member businesses. Hosts have an opportunity to showcase their business and present themselves. Members can network and socialize with one of Gwinnett County's largest (and friendliest) non-profit groups. Refreshments are always available.

- ♥ An **annual Scholarship Program** in which 2 deserving seniors attending high school in the Suwanee area receive scholarships, based on their academic achievements, their community involvement and their demonstrated leadership & initiative abilities.

- ♥ A **new website** ([www.suwanee.org](http://www.suwanee.org)) that provides news, information about member businesses, a search function and advertising opportunities to members.

- ♥ An **e-mail business newsletter**, offering members a means of reaching both other members and guests of the alliance with special offers from their business.

- ♥ An **annual Golf Tournament**, open to both members & non-members, held at a local course, and raising funds to support the **SBA's** charitable donations. In 2008, over 80 golfers participated and more than \$7,500 was raised. Recent donations have gone to the following organizations:
