

Injections Course

Expanded Pain Management & Diagnostic Injections Course: Saturday, February 25, 2012 at American Family Dentistry Training Center

**AFD Expanded Pain Management & Diagnostic Injections Course
Dr. Paul Mitsch and Dr. Rob Colt
Saturday, February 25, 2012 from 9 a.m. to 1 p.m.
AFD Training Center, 401 State Street, Augusta, KS 67010
Four (4) Hours of Continuing Education available**

This course is a Lecture and Hands-On Injection Course for physicians and dentists. Give yourself the edge in predictable pain control and give your patients the benefit of precision diagnostic injections to correctly diagnose and successfully manage their pain.

Objectives and Course Content:

- Review of relevant head and neck anatomy for injections
- Review of injectable medications and local anesthetics
- Brief review of neuro-anatomy and pain control
- Demonstration of injections and participation in injections

Injections to be covered include:

- V3 Greater Mandibular blocks by 5 methods (intraorally and extraorally)
- V2 blocks (ASA, MSA, PSA, greater palatine, nasopalatine)
- Temporalis tendon, Masseteric tendon
- Greater and Lesser Occipital nerve blocks
- Intravenous administration of medication and blood draw

Space is limited. Register now at www.afdtc.com.

All CE activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between Big Sky Seminars and Augusta Family Dentistry. Big Sky Seminars designates this event as four (4) hours of continuing education.

Big Sky Seminars is an ADA CERP recognized provider.
