

Feast on Fresh at its Best!

Humitech Panels contain a unique Sorbite mineral, which absorbs and desorbs up to 48% its weight in moisture keeping food fresher longer.

No mechanical parts, uses no electricity, non-toxic, and it works 24 hours a day.

The Humitech Panel gives a guaranteed satisfaction warranty and can be installed in minutes without tools, electricity, or batteries.

Extends shelf life of produce, meat, fish, poultry and flowers.

Reduces spoilage and shrinkage of food caused by excess humidity or dehydration.

Natural juices and weight are maintained longer in fish, meat and poultry due to less vapor air pressure.

Humitech Panels guarantees the ideal food storage conditions, keeping the refrigerator colder and drier.

Fewer airborne water molecules help in the reduction of food odors and cross contamination of bacteria.
