Fruit Festival Fruit Salad

CA's Fruit Festival Brand Fruit Salad contains pineapple chunks, orange sections, apple and peach slices, cantaloupe and honeydew melon chunks, watermelon cubes and seedless red/green grapes. The composition is as follows:

	<u>As a % OF TOTAL</u>	<u>AS a % OF FRUIT ONLY</u>
Pineapple Chunks	16%	22%
Orange Sections	14%	20%
Apple Slices	13%	17%
Peach Slices	13%	17%
Cantaloupe Chunks	4%	6%
Honeydew Melon Chunks	4%	6%
Watermelon Cubes	4%	6%
Seedless Red/Green Grapes	4%	6%
Syrup	28%	-
	-----	-----
	100%	100%

Fruit Festival Fruit Salad has a minimum drained weight of 72% as opposed to our Deluxe Fruit Salad (70%) because apple and peach slices do not "bleed" as much as the pineapple, orange and melon products. All fruit will lose juice when cut and some more than others.
