

Firemen's Federal Credit Union

What is a Credit Union?

Credit Unions are member-owned, cooperative financial institutions. They provide savings and checking accounts, youth and senior accounts, business accounts, loans for a variety of purposes, and much more. In essence, they are mutual organizations operated entirely by and for their members. The credit union philosophy is *people helping people*.

About Us

In 1934, Firemen's FCU became the 6th federally chartered credit union and is now the 3rd oldest in the United States. We serve over 22,000 members with over \$153 million in assets and have partnered with over 300 companies. We have 9 full-service branches located in Orleans, Jefferson, St. James, Pearl River County, St. Tammany and Lafourche Parishes.

Firemen's Federal Credit Union has aggressively strived to meet the varied financial needs of its diverse membership. We serve our membership with the simple philosophy that we are "not for profit, not for charity, but for service".

The financial interests of our members are protected by a volunteer board and professional management team. Savings are federally insured to at least \$250,000 and backed by the full faith and credit of the United States Government through the National Credit Union Administration.

Giving Back To Our Community

The credit union philosophy is "People Helping People". Our mission is to improve the lives of others, and we do this by supporting various charitable and social causes.

- Children's Hospital – annual monetary donations
- Volunteer at Circus Day at Children's Hospital
- Volunteer to distribute gifts at Children's Hospital
- Collect new pajamas and toys for needy children
- Participate in Relay of Life in support of the American Cancer Society
- Adopt a group of women at local shelters and offer financial support
